

Criminology and Law Major Requirements

There are **34 hours required for the major**. 22 of those hours must be taken from courses offered by the criminology and law program at UF to meet the major residency requirement. **Credits will count toward the major only if at least a C grade is earned in the course.** A maximum of **12** credits (or hours) for Criminology courses can be transferred from another university to apply toward the major. Of these, only 6 credits can be from 1000 or 2000 level classes. Students who transfer 6 of these lower division credits into the major should NOT take UF's CJL 2000.
